Relaxation & Serenity

Travel to the heart of beauty

OUR STORY / PHYLOSOPHY

Dear clients,

Our story began in the Hotel Restauration 30 years ago. Now the adventure of the universe of the Spa opens up to us. We hope by this space you will discover our vision of relaxation and enjoy the natural resources that we enjoy every day.

Being lovers of our local Chablis, we will try to make you travel and discover the benefits of plants and nature for your health, In a warm setting, with an attentive team.

Our brands were selected according to our orientation For a policy of care by the plant, Certified of a proven and controllable efficiency thanks to the skin lab, Equipment to evaluate your skin, before and after the treatment As well as its evolution between two treatments.

Noémie, Christian and the whole team.

BEAUTY EXPERT SELECTION

A clinical approach to aesthetic care.

For 41 years, the association of biologists, physiotherapists and doctors has been responsible for the formulation of Biologique Recherche products. A **clinical approach to aesthetic care**, pure and concentrated desired products as well as original protocols are the foundation of the Research Biological Methodology and its **amazing effectiveness**.

Its global approach to skin, as an organ in its own right now makes Biologique Recherche a laboratory with expertise in sharp, personalized care. The Biologique Recherche brand is present in more than 50 countries. Its flagship institute, the Embassy of Beauty, is located at 32 Avenue des Champs-Élysées in Paris.

A treatment adapted to your skin type

CUSTOM MADE CARE

One of the major points of the Biological Research Methodology is the **Cosmetological Evaluation of the Epidermis**. A specific approach, both physiological, behavioral and tactile that allows to identify the « Instant of skin » of each one to recommend the most adapted cure.
